s of Fun!!!!!!!!!!!!!!!!!!!!!! The knife is pink.

Buy it.. It's a really interesting interactive novelish about history, death, and revolution. Does that sounds good? If so you'll like this. If not you will be bored. I liked it.. Always enjoyed the Wood Floor Game, Both Wooden Floor 1 and now Wooden Floor 2 Its a good, simple puzzle/mystery game, Cheap and worth trying out.

Wooden Floor 2 Gameplay here:

<https://youtu.be/yJypqcTf8T0>

And if you dont know Wooden Floor 1:

<https://youtu.be/50GFxf4VYLw>. It's pretty good.. A very meh game in my opinion.

It's fun <3. Honestly I'm having a blast.

You can build anything from

A Borderline Fast food Outlet.

A Massive steak Diner.

A High end French Cuisine Bistro.

A Five start Seafood Restaurant.

There are so many different ways to play this game and its totally up to you.

10/10 I'm having a great time.. It is a real fun game that is very promising. worst thing ever there are nobody in it, you dont know what to do and even if you do you cant do it so its just another one of those games. Would not recommend in its current state, it has a long way to go.. More like Fallout than Mad Max, truth be told. While one can play it as just a postapocalyptic car sim, between the super mutants, the lasers, the robots, the vampires and the rocket ship , it's kind of like a hybrid. The romance seemed phoned-in, at best, and the only character I really remember well was the AI , who, by the way, one should totally have been able to romance. All in all, it's fairly fun, and weird in a good way.
